

SENIOR FULL STACK DEVELOPER (F/M/X)

Start: Feb. 2021 Location: Remote / Munich

Who is Sinpex?

Sinpex is a fast growing company focusing on NLP and QA. Sinpex is helping financial institutions and top management consultancies to overcome regulatory and mandatory compliance processes. We are based in Munich with strong ties to San Francisco as well as to the Swiss market. Our vision is to revolutionize compliance checks for financial institutions and related companies. Our mission is to solve such mandatory processes with one single click and to reduce risk of money laundering and terrorism financing.

What we look for!

Personal Impact

Working with our clients on their issues requires the involvement of a diverse team. Your role is to effectively interact with our clients and us to deliver top performing applications. You are responsible for delivering functional and technical outstanding solutions.

Entrepreneurial Drive

Overcoming obstacles and achieving goals require an independent problem solving skills and an open mindset to test, fail, and continuously quest for learning and improvement.

Problem Solving Skills

Solving a problem and implementing our SaaS solution independently requires intellectual abilities and rigor, as well as attention to detail in a practical sense to deliver solutions that work.

What you need to help us with

Sinpex offers cutting edge NLP technologies embedded in a web application which is offered as Cloud or On-Prem for our clients. Your role is to take care of the web application in terms of Web development, deployment and managing additional resources if needed.

- ▶ Ideally you should have a quantitative background (Completed studies in Informatics, Electrical Engineering or Mathematics or equivalent) and work experience in Full-Stack-Development (3+ years)
- ▶ Experience with Web- and App technologies such as Vue, PHP / Laravel, JavaScript, Build Management, CI/CD
- ▶ First experience with Backend Development to interact and work closely with our backend team
- ▶ You should be highly skilled in problem solving
- ▶ Strong interest or first experience in CI/CD, AWS, and Docker would be a big plus and gives you a kickstart when joining the Sinpex team
- ▶ Fluent in English, German would be a plus

What we offer

- ▶ Be part of a **fast growing company** - Team lead possibilities, fast decisions
- ▶ **Make your impact** - Your ideas count!
- ▶ Work closely with our clients and become part of our international network.
- ▶ We offer **regular team events** and we like doing all kind of sports
- ▶ **Speak at conferences**, write papers, and do workshops
- ▶ We offer **individual compensation** to your needs and make sure that hard work gets rewarded!

In case your profile does not match the above criteria but you are confident that you would be a good fit for Sinpex, please do not hesitate to contact us.

Please send us your application to: info@sinpex.de

Please attach your CV and the transcript of records of your highest degree. In case of any questions, please drop us an email.
